

A revitalising and rejuvenating experience

In keeping with our culture of innovation, we are always striving to offer our guests new, improved services. Take our inspiring St. Gregory's spa. Established as a premier holistic wellness retreat, it is designed on the four pillars of therapy, fitness, aesthetics and active-ageing. With world-class facilities, St. Gregory's offers our guests whatever they want, be it a relaxing massage or a brisk workout.

→ Pushing the boundaries of culinary innovation

Equipped with a wealth of knowledge, our experienced team members are constantly reinterpreting the modern hotel dining experience with new restaurant and bar concepts. A noteworthy example is our award-winning Si Chuan Dou Hua Restaurant; well known for delighting taste buds with its authentic Sichuan and Cantonese dishes, the restaurant also adds significant value to our PARKROYAL properties.
